## THE OLD RED STAND

J. W. Hallett

Coal is scarce. Some blame the coal man, but we think the culprits are the mine owners who, last summer, laid off half their force and gave the balance only about two days work a week. Of course there is a shortage when these holders of the resources of the province think only of their own pockets instead of serving the public.

Don't miss the masquerade ball in the I.O.O.F. hall, Claresholm, on Feb. 4th. Newton's orchestra. Without fail it will be one of the greatest events ever held in this town. A large assortment of costumes will arrive from Calgary for the day of the dance. Refreshments served. Couple \$1.00. Spectators, 50c.

On Friday, the Claresholm Jun-

iors went to Macleod and played

the return game. A fine game was

put up by both sides, but Macleod

came out ahead, winning by 4 to 3.

On Monday last, the Seniors of

Claresholm played a game with

the Macleod seniors. The seniors lost

and put up the oysters in good

style. Shanks didn't play but he

got the oysters. Some fellows are

in the near future.

## Local and General

Rev. McNichol left on Thursday for Lethbridge.

The U.F.A. will hold their 1917 Convention in Lethbridge.

Mackleburg the eye-glass specialist will be at the Queen's hotel on Saturday next.

Rev. W. E. McNiven is attending the Macleod district meeting this week.

The Alberta Legislature will meet for the transaction of business on Thursday, Feb. 24th.

The Illinois river has overflowed its banks owing to excessive rainfall, and many houses have been swept away.

The Epworth League topic was taken last week by Mrs. McKinney, the subject, "The Inner Circle" was very ably dealt with.

Roy Livingston, dairyman for the Willow Bend Ranch, left on Wednesday for Spokane. His position has been taken by Mr. Tracy, of Calgary.

Our new auctioneer, Mr. A. E. Strange, will call his first sale in this district at Mrs. Walter's sale on Saturday, Feb. 5th. Keep in mind the date. Posters will be out this week. See advt. on this page.

The service at the Methodist church, last Sunday night, was taken by Mrs. Livingston, the organizer for the W.C.T.U. Owing to the severe weather the congregation was small, but the address was greatly appreciated.

A Leap Year dance will be given in the Agricultural College Hall on Friday evening next. Preparations are being made to make this a very enjoyable affair. Everyone will be welcome. Bashful boys will be taken care of. Lunch will be served during the evening.

J. H. Walton has purchased a herd of pure-bred Holsteins from Mr. H. George, of Cayley. The herd consists of seven cows, one bull and three calves. He has also purchased a pure-bred Shorthorn bull from Mr. H. Paulson. Mr. Walton will now run two herds—Shorthorns and Holsteins.

There is talk of the Government taking over the Grand Trunk Pacific R.R. If they have the nerve to tackle this proposition, in addition to financing the war, there must be courage among the Borden bunch.

Canada, however, has already furnished the bulk of the funds for this undertaking and they should not be much coming to the company.

Backward, turn backward, oh Chinook in thy flight,  
And give us a hot time just for one night.

The second hand furniture store  
here is changing hands.

Mr. A. Hutchinson leaves town  
tonight for Grassy Lake where he is  
taking over a blacksmith shop.

Mr. Stanley Ferguson and family  
is expected home today from New  
Brunswick.

The Economy Livery barn has  
been sold, and it is reported  
Mr. Haggard will be going into  
one of his lines of business.

Chas. Ryan, an old-timer of the  
Macleod district, and well-known  
throughout Southern Alberta, died  
at Macleod last week.

The Alamo Hotel, of Macleod was  
badly gutted in the week end of  
Tuesday morning. Some of the  
guests narrowly escaped with their  
lives.

Don't get cross with the coal men,  
they are having a hard time getting  
their supply. They simply cannot  
get enough to supply their customers.  
Leave your orders and when a car  
comes in you will get your share.

Miss Jessie Cook, who was em-  
ployed by Mrs. Larkin as an assistant  
in her millinery department last  
season, spent the week end with  
Mrs. Larkin. Miss Cook has pur-  
chased the millinery business of  
Mrs. Garner, of Nanton and Clares-  
holm, and will conduct the same  
during the coming season.

Mr. Boniface has recently received  
a letter from Mr. Alfred Cham-  
berlain, who spent some years in  
Claresholm in Fisher's store. Many  
will remember the wireless appar-  
atus that he and Allan Wanna-  
make installed in the town. Mr.  
Chamberlain has since perfect-  
ed his studies in wireless telegraphy and is  
now chief operator on one of the  
British war vessels in the North Sea.  
He writes that he has two assistants  
and is enjoying the life.

His brother is in the same vessel as  
steward. This is another name  
that should be added to the Clares-  
holm honor roll. The wireless men  
have already shown themselves  
heroes in times of danger. His ad-  
dress is H.M.S. *Calathia*.

We understand that a number of  
farmers have been fined for not  
having bells on their sleighs and  
are feeling a little resentful at the  
town authorities for what they con-  
sider an unjust by-law of the town.  
We have been asked to make it  
plain that the town has nothing  
whatever to do with the matter as  
it is a Dominion law. This being  
the case there seems to be nothing  
for the farmer to do but to get  
a tin can or anything that will make  
a noise and attach it to the horses  
or sleigh.

# A REQUEST...

We are very much gratified and encouraged by the support we have received for The Advertiser, especially from the Farmers of the surrounding districts. Many old subscribers have renewed and quite a number of new ones have come to hand during the past six weeks. There are, however, between two and three hundred still out and it would be a great help if these were all paid up. This is the dull season, and printers always look to their subscriptions to tide them over the winter. Our readers can readily see that even 300 subscriptions at \$1.50 each means quite a bunch of money to the publisher of a newspaper. So, gentle reader, don't forget the printer; he has a family to support and keep warm, and because you have reaped a good harvest this year don't be too proud to call and see him. The Advertiser is only \$1.50 per year in Canada; \$2.00 per year in the United States or Europe. Your renewal will be appreciated.

## A Peace Proposal

If you want peace, sweet peace, in the family buy a

FORD Motor Car. The poor family wants to get into the country, and the country family wants to get into the town, the FORD makes it possible for both to realize their hopes. Speed is the main point when in action. To the farmer a Car is a necessity, because Time is Money.

## Letter Trenches This Year

### Letter Arrangements for the Comfort of Tommy White on Duty

Immense improvements have been made in the trenches since last winter. The men are now in comfortable dugouts, have heated houses, others have brick floors.

There is a system of trench pumps to get rid of the water, and I was greatly impressed by the piping system which carries the water and a half back from the front of the trench, carrying drinking water to the men. The men's quarters are comparatively comfortable. The men are now in comfortable dugouts, many contained tables. One dugout I saw had four panels of glass in the front, and the men who sat there had small braziers whi

I was told that one of the most valued present which the men receive are the letters from home. Letters are allowed to burn in their dugouts. This year the men have been served with a variety of delicious meals. When a battalion of men is mustered in, it sends a letter to the supporting lines that it has been sent.

"They remove their own bedding, their fair clothes, stockings, and put on the rubber boots. When leaving away after a tour, it is the custom to leave a letter at the station, and receive a reply from the station which have been dried for them.

In the meantime, when they get back to their quarters, they have an enormous washhouse, where they strip, and their musty uniforms are washed and dried, and then they are sent into another department, where they are given a bath, and are only disturbed. After the bath, the men go into another room, where they are given a shave, and are underclothes, clean and dry tunics, pants, socks, breeches, socks, and boots.

In the time of winter, the men of these washhouses with the other men, are sent to the laundry shop. They are supplied with leather wallets and skeinpots or goat-skin bags, and the best of gloves and mittens.

**Points That Have Benefited Thousands**—Known far and near as a sure remedy in the treatment of indigestion, heartburn, ulcers, rheumatism, liver and kidneys, Barnes' Kidney Pills have been a great relief to thousands when other specifica have failed. Innumerable testimonies have been given to the truth of this assertion. Once tried, they will be found superior to all other remedies in the treatment of the ailments for which they are prescribed.

For an hour a teacher had dealt with painful iteration on the part of the students in the study of the law, respectively, in the upkeep of the human body. At the end of the lesson, the teacher said, "I will now answer them:

"Can any girl tell me the three greatest sins that keep the body in health?"

"Silence! till one maiden held up her hand and replied,

"'Yer breakfast, yer dinner and yer supper."
